Update on WITAN Community Projects and Endowment Funds

Hello Ladies of WITAN:

Last week our Civic Director Karolyn Sedlacko shared with all of us the amazing work done by two non-profits that WITAN supported with our Allocations - Limitless Ambition and Rec2Connect. I'm sure you were as inspired as I was with the work being done with money from our Community Projects Fund.

I also recognize that you may be feeling like WITAN is asking a great deal of our members at this time to support the requests we have all received from French Market, Imagine Ball and Endowment.

With over $200,000 in grant requests currently under review by the Civic Committee, the need in our community is great - maybe more so than any time in our recent past - for basics like food, medical care, etc.

During our recent Cluster Meetings, many of you expressed that one of the most important and rewarding parts of your membership in WITAN is the volunteering and financial support we provide to those who most need it within the greater Akron area.

As you consider the requests you are receiving from our Committees, know that **you will be adding to our Community Projects Fund.** From this fund, we hope to be able to provide grants for all those agencies recommended by the Civic Committee which we will hear about in May.

We understand every member's situation is unique, and thank you for considering these requests for donations as you receive them. Each of us can make a difference!

Please feel free to reach out to me with any questions or comments.

Thank you for all you do for WITAN.

Sincerely,

Mella Castner
President
